

MARKET DAY IN BRAINERD POSTPONED FROM SATURDAY APL. 12 TO APL. 19

DECIDES TO TRY FORMER KAISER

Council of Four Agrees on Means for Bringing German Ruler to Justice.

PLANS ARE WITHHELD

Decision on Saar Valley Leaves Sovereignty Unchanged, but Allows France to Obtain Coal Without Paying Duty.

Paris, April 10.—The council of four reached an agreement on the Saar valley. The agreement leaves sovereignty over the valley unchanged, but accords to France free of duty sufficient coal for the Lorraine iron industry and to replace the production of mines destroyed in the Lens mining district, with the privilege to the Germans of restoring the Saar valley of that charge.

This agreement removes one of the most difficult obstacles to the conclusion of peace.

Paris, April 10.—The council of four has definitely determined upon the responsibility of the former German emperor for the war and the means for bringing him to trial by one of the Allied governments, probably Belgium.

This follows the definite decision on the terms of reparations for war damages, whereby \$5,000,000,000 must be paid within the next two years and an international commission assess the remaining damage for a period of 30 years, beginning May 1, 1921.

Thus, two of the great obstacles which stood in the path of the rapid attainment of peace have been removed and the period of extreme tension over the failure to secure tangible results is succeeded by revived confidence over the great advance made toward a permanent settlement.

BANDITS RENEW ACTIVITIES

Six Serious Attacks on Trains Were Made Recently.

Washington, April 10.—Mexican newspapers report a revival of banditry in the state of Vera Cruz, and record six serious attacks on trains since March 15.

A mixed train was dynamited March 22, the express car robbed and four or five cars of freight burned. Seven passengers were wounded and 13 government soldiers guarding the train killed.

The most serious holdup reported was on March 30, when a train guard of 50 men was wiped out by rebels.

TARIFF TERMS ARE DRAWN

Allies Demand Favored Nation Treatment From Germany.

Paris, April 10.—Provision for the most favored nation treatment in the German customs system for the Allied and associated countries, a single tariff, and no tariff discriminations based upon the flag of the vessels in which goods are transported, or the route of importation will be incorporated in the peace treaty with Germany, according to the present provisional argument. The restriction is to be enforced for five years after the conclusion of peace.

MINNESOTA WAR CASUALTIES

Preliminary Estimates Shows 7,450 Men Fell in Battle.

St. Paul, April 10.—Minnesota casualties in the world war numbered 7,450, according to a preliminary estimate, made by Lieut. T. Glen Harrison, intelligence officer to Adj. Gen. W. F. Rhinow. Lieutenant Harrison is compiling war records of Minnesota men.

The total announced is subject to correction and to additions from the period of March 15 to May 17, 1918, when no lists were given out by the War department, he explained.

Minnesota men in service totaled 98,000.

STRIKERS TAKE KRUPP PLANT

German Government Troops Are Called to Essen.

Copenhagen, April 10.—German government troops are marching on Essen, where a collision has occurred between the strikers and the Christian Workers' organization, the members of which desire to continue at their employment, a Berlin dispatch announces. The strikers have occupied the Krupp munition plant, the message adds.

NEW NAVAL UNIFORM

Coat is Similar to That Worn by British Officers.

On the left is Commander John Higgins, U. S. N., wearing the new regulation uniform adopted by the navy department, and on the right Ensign Milton MacDonald, wearing the old type. The coat of the new uniform is similar to that worn by British naval officers, having a low collar and open front. There is no insignia on the collar of the new coat, but the insignia on the sleeve remains the same.

THOUSANDS ARE IDLE

Industry in Belgium Practically at a Standstill.

Cost of Living Is High and Factories Need Raw Materials to Resume Operation.

Paris, April 10.—Belgium must have complete reparation if her serious economic situation is to be improved and Belgian industry is to regain its feet. M. Vanderveldt, Belgian minister of justice and Socialist leader, declared in an interview in the Temps.

The number of unemployed in Belgium is about 700,000 and the number of persons who have to be assisted by the government is 230,000. In Brussels, where the normal number of workmen is 120,000, only 26,000 are employed.

To add to the difficulties the cost of living is high and most industries are without money and raw materials with which to resume operation. In addition, the stocks stolen by the Germans have not been returned.

TAKES SLAM AT PRESIDENT

House of Commons Liberal Criticizes American Executive.

London, April 10.—Adjournment of the House of Commons was moved to call attention to an alleged offer from Nikolai Lenin, through the Americans, to the Peace conference.

Clem Edwards, coalition liberal, and other speakers strongly objected to any negotiations with the Bolsheviks. Horatio W. Bottomley, liberal, in a vigorous denunciation of Bolshevism as nothing but German propaganda, said if President Wilson was sympathetically considering a Lenin offer, the sooner he returned to America and took the opinion of the American people the better it would be for the peace of the world.

WATERWAYS REPORT FRAMED

Provides Free Transportation and Equality in Enemy Ports.

Paris, April 10.—A report on regulation and restrictions to be imposed upon communication in enemy states in order that newly created nations in Central Europe may have access to the sea has been completed for the Peace conference by the commission on the regulation of ports, waterways and railroads.

Freedom of transportation through Germany and Austria and equality of treatment in ports and harbors has been provided for, as has been the international regulation of traffic over the Rhine and Danube rivers.

TREATY READY WEDNESDAY

British Premier Will Visit London Next Monday.

London, April 10.—Premier Lloyd George will go to London on Monday, address Parliament Tuesday, and return to Paris on Wednesday. It was announced. On his return, it was said, he expects to find the draft of the treaty completed, subject to ratification by a plenary session.

Germany Must Pay Five Billion Within Two Years

BY FRED S. FERGUSON (United Press Staff Correspondent)

Paris, April 10.—Although an agreement has been reached on reparation and responsibility for the war, the peace conference is not yet out of the woods regarding the secret treaties entered into by the allies before American intervention. This was learned from authoritative sources today.

In regard to reparation the representatives of the four great powers are understood to have decided that Germany must pay an installment of five billions dollars within two years, with an undetermined balance to be fixed by a permanent financial commission. This is regarded as a compromise that would satisfy all associated powers.

The league of nations commission will meet tonight to receive the draft of the original covenant. It will also hear a delegation of women who wish to present certain recommendations.

BANK HOLD-UP IN ST. LOUIS TODAY—\$100,000 CASH TAKEN

(By United Press)

St. Louis, Mo., April 10.—The Baden State Bank, of St. Louis, was held up by eight bandits shortly before noon today and robbed of an amount estimated between \$45,000 and \$100,000. The bank officials said the former amount was approximately correct while the police claimed the latter amount would be the total.

Two hundred policemen in thirty automobiles armed with riot guns pursued the bandits. They are believed to have headed for Kansas City.

Civil War Threatened in Bavaria

BY FRANK J. TAYLOR (United Press Staff Correspondent)

Berlin, April 10.—Street fighting has broken out in Magberg, Duesseldorf, Essen, and other towns, where the government has proclaimed a state of siege. Many persons have been killed. The deposed socialist government of Bavaria has retired from Nuremberg and Bamberg. Civil war is threatened there.

(Continued on page 2)

The stage had been set for what promised to be the biggest bargain day and community gathering ever held in Brainerd in the interests of the rural trade of this community on Saturday, April 12, "all day," when bad weather and bad roads caused a postponement from April 12, date first intended, to Saturday, April 19, when roads are expected to be better and the weather more congenial.

This is the much discussed spring Market and Free Auction Day in the interests of the farmer and is made possible by progressive merchants and business men of this city who have backed it financially and whose bargain announcements appear in this issue.

Details

The auction will be conducted on Front street near the Scott livery, formerly Zierke's, immediately after dinner. Lunch will be served to visiting farmers who hold tickets given out by merchants who are making this market day possible, at 11:30 a. m. and until 1 p. m. at the Chamber of Commerce rooms under the direction of the House and Social committee and the Retail Trade committee.

As over 150 tickets have already been issued, it will be necessary for farmers to secure tickets for lunch, and these may be obtained from the merchants whose names appear on the Market Day page or others who approve of the plan. The Chamber rooms will be open to the public and wives and children of farmers are welcome to the use of the rooms during the day.

Social Features

A group of returned soldiers in uniform will assist the two committees in serving the lunch at noon. Community singing, short talks by local men and other features will mark the noon hour at the Chamber. A representative from a large pickling establishment in this state will be present and will submit a plan to the farmers for a salting station in this city which has the endorsement of the Chamber of Commerce and the county agent.

It will be a big community gathering and many progressive merchants have planned to take lunch with their friends from the country and to assist in making the day pleasant.

Actual Bargains

The bargains offered on the Market Day page of this paper are such as to attract the wise buyer of substantial commodities. Every ad. will be lived up to, high grade goods only are handled here and the men who are backing this big event deserve recognition from the trade. Local people can profit by the bargain offerings but it is the farmer trade the merchants seek and it is his interests they are aiming to serve in the coming event.

Auction Plan

The auction will be conducted under the direction of H. C. Zierke, well known auctioneer and will be held at 1 p. m. He will officiate until everything is disposed of and his services are furnished by the Market Day merchants back of the plan.

No local goods will be accepted for auction and owners will be asked to list their chattels with Mr. Zierke.

Paris Atmosphere Changes from Gloom to Greatest Optimism

The situation in Paris has changed almost over night from one of deepest gloom to the greatest optimism, according to dispatches received by the United Press from Carl D. Groat, Lowell Mellette and Wm. Phillip Simms, three of the army of United Press correspondents covering the peace developments.

The four important questions: Reparation, responsibility for the war, Italy's claim to Fiume, and the Saar Valley have been disposed of. As reflected by high representatives of the three chief powers, the situation today is as follows:

United States—The sudden haste on the part of the big four has made possible the signing of peace by the last of April or the first of May.

Great Britain—Lloyd George while bearing in mind his election campaign pledges, is disposed toward effecting a compromise when necessary to maintain the present rapid pace, and is determined to maintain permanently friendly relations with America about everything else.

France—France has reduced her claims to the minimum consistent with Wilson's fourteen points, and will now stick by her guns.

ST. PAUL DIAMOND PARLOR ROBBED OF \$8,000 IN DIAMONDS

(By United Press)

St. Paul, April 10.—Two bandits bound and gagged Henry Krieger at noon today, robbing the Lytle Diamond Parlor of \$8,000 worth of diamonds and a small amount of cash. They both escaped.

Rainbow Division on Its Way to the U. S.

(By United Press)

Coblenz, April 10.—The Rainbow division, bound for Brat on its way home, is expected to clear the territory of the army of occupation by Saturday. The last contingent of the 149th field artillery left for the coast Wednesday. Troop trains are averaging about 70 hours for the trip to Brat.

STAGGERS UNDER LOAD

France's National Debt Is More Than \$40,000,000,000.

Premier Clemenceau Remains Firm in His Stand for Heavy Indemnity From Germany.

Paris, April 10.—Premier Clemenceau, undaunted by charges of imperialism or insinuations that France is imbued with a childish idea of vengeance, continues to fight for what the French regard as adequate reparation from Germany.

The premier's arguments are backed by the most startling figures. These indicate that France's national debt is more than \$40,000,000,000.

Every man, woman and child there is burdened with a debt of more than \$1,000. Every baby is born owing a debt on which it must pay at least an annual interest of \$55.

Professor Henri Truchy declared that certain peace delegates have adopted the position it would be unfair to Germany and contrary to the spirit of the times to place a heavy burden of debt on future generations of Germans who ought not to suffer for the mistakes of their forefathers.

He said the French position was: "Is it fair to force future generations of French to pay the debts of a war begun by the Germans when the Germans themselves are exempted?"

SHARP WARNING IS ISSUED

Articles Must Not Be Increased More Than Tax Rate.

Washington, April 10.—Warning to manufacturers and dealers against increasing prices of taxable articles more than enough to cover the tax, and misrepresenting the amount of tax, was given by Daniel C. Roper, internal revenue commissioner, in an address before a group of Washington business men.

Boy "Adventurer" Killed.

Chicago, April 10.—Ten-year-old Carl Mattuel is dead after his attempt to "sail around the world." When he and a playmate had gone into Lake Michigan some distance from the shore they became frightened and jumped overboard. Carl was drowned, but a coast guard saved his companion.

Seven Air Mail Lines in France.

Paris, April 10.—Seven aerial mail services are in operation in France at the present time.

EMPLOYEES REJECT DECISION

Canadian Express Company Men May Resort to Strike.

Montreal, April 10.—The board of appeal appointed by the minister of labor in the dispute between the Canadian Express company and its employees rendered its decision, granting increases in wages.

The decision was accepted by the company, but rejected by the men, who demand the full award of the conciliation board, from which the company appealed.

STORM SWEEPS THREE STATES

About One Hundred Persons Are Killed in Oklahoma, Arkansas and Texas.

MANY OTHERS INJURED

Loss to Growing Crops Is Enormous and It Is Believed That Property Damage Will Run into the Millions.

Dallas, Texas, April 10.—Northern Texas, Southern Oklahoma and Arkansas have been swept by the worst equinoctial storm for many years, leaving in its wake about 100 dead, hundreds more injured and property damage amounting to millions of dollars.

The loss to growing crops is enormous.

The storm came up from the Rio Grande valley with a high wind and heavy rain, gaining force until it tore through the northern tier of Texas counties with the destructiveness of a tornado.

Telephone and telegraph wires were put out of service.

Storm Goes in Leaps.

Reports coming in indicated the death toll would grow as details were received.

Reports show fatalities from the following towns: Denison, Texas, four; Durant, Okla., 11; Wood county, Texas, four; Ector, Texas, 3; Ravenna, Texas, 8; Mineola, Texas, 11; Tundra, Texas, 8; Wimsboro, Texas, 15; San Angelo, Texas, 1; Texarkana, Texas, 1; Newsome, Texas, 6; Ogden, Ark., 5.

The storm at times leaped a mile or more before striking the ground and doing damage, leaving one farm house unharmed, only to demolish the next one. No cities of any size were in its path. Most of those killed were caught under their falling homes and buried.

At Mineola three white women and eight negroes were killed, and many others received serious injuries.

Town Calls for Help.

Five negroes were killed and 20 injured and several white people were injured at Ogden.

Shaw E. Ray, postmaster at Wimsboro, was authority for the report of 15 deaths there. He asked that help be sent.

Twelve persons were killed at Walter, Okla., when a hotel in that city was wrecked, according to a message to Mrs. Amos Morris of Wichita Falls, informing her that her father was among those killed.

J. C. Miley of Portland, Texas, was killed when a house was wrecked near Walter, Okla.

From Denison, Tex., came the report of the death of Grover Atkin, his wife and two sons, who are believed to have been swept into the water of a swollen creek and washed away. The cotton community of Canaan was completely wiped out.

ACCUSE COTTON PLANTERS

Governor of Kansas and Others Allege Illegal Combine.

Washington, April 10.—Demand for prosecution of the Southern Cotton Growers' association, charging that it is operating in violation of the anti-trust laws, has been filed at the Department of Justice by Governor Allen of Kansas, and others. It was learned.

ELECT SMETONAS PRESIDENT

Lithuanians Choose Lawyer to Head New Republic.

Washington, April 10.—Antanas Smetonas was elected president of the Lithuanian republic, according to word received here by the Lithuanian executive council. President Smetonas is a lawyer and formerly was president of the Lithuanian state council.

SIDNEY DREW, ACTOR, DEAD

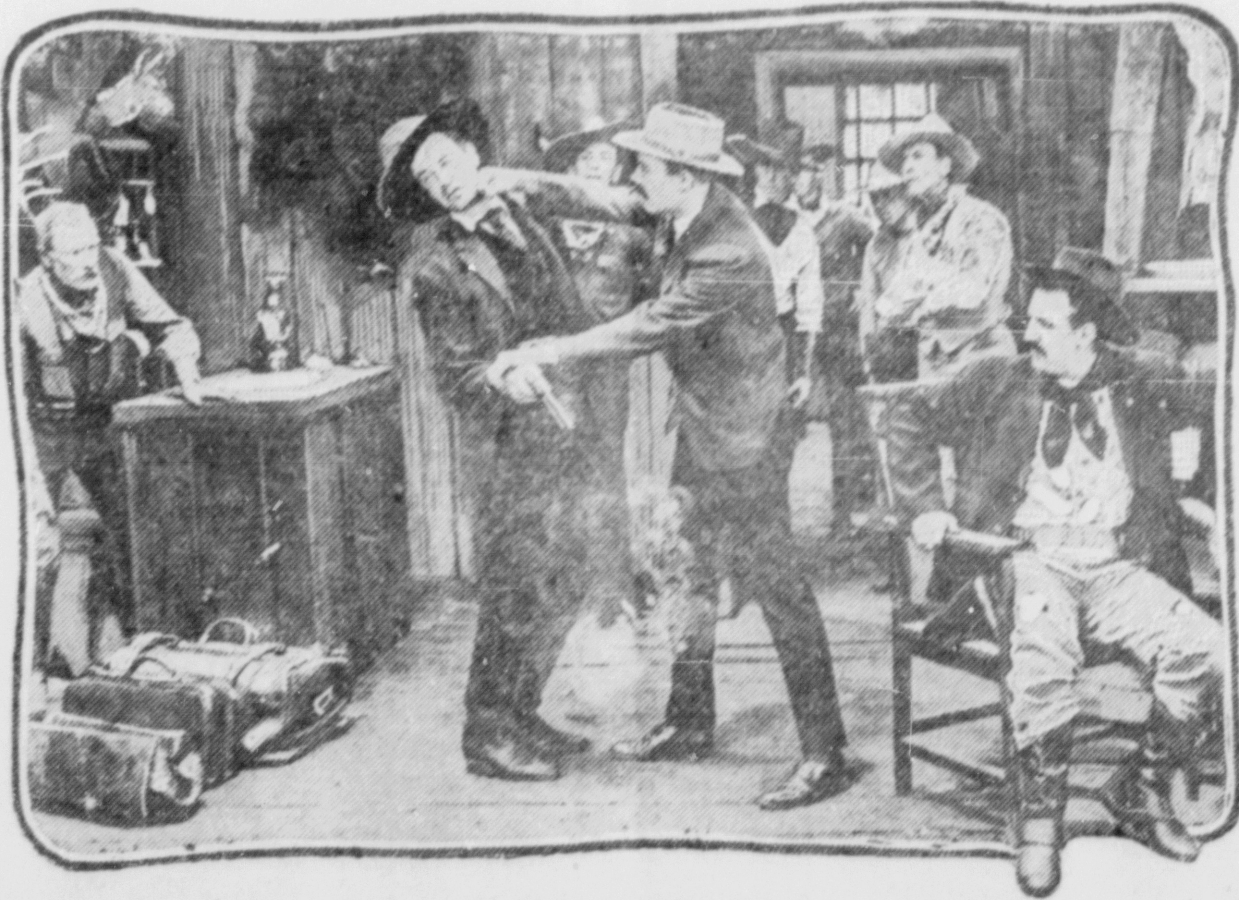

Noted Comedian Passes Away at New York Home.

New York, April 10.—Sidney Drew, actor on the stage and for the moving picture screen, is dead at his home here. He was a noted comedian and came from a prominent and old family of actors.

N. Y. Adopts Sunday Movie Bill.

Albany, N. Y., April 10.—The Thompson Sunday movie bill, which would give local municipal authorities power to permit or prevent exhibitions of motion pictures after 2 p. m. on Sundays, was passed by the assembly. The measure now goes to the governor.

give my best regards to everyone and
want to assure you I will help out as
well as I can."

who will be assisted by a clerk from
one of the banks. The terms are to
be decided by the individual owner
of bonds disposed of.

The Scott livery barn will be avail-
able for housing stock, should it be
cold or rainy. The weather man
has been importuned and a
bright day is assured; if he fails to
make good it is no reason the com-
mittee should fail—and they will
not. Every farmer in this section is
cordially invited to visit this city on
Saturday, April 19th, secure some
big bargains in merchandise and en-
joy a royal good time.

RESOLUTION

Be it Resolved by the City Council
of the City of Brainerd:

That the city bonds in the aggre-
gate amount of Three Hundred
Thousand Dollars (\$300,000.00) be
issued and sold for the purpose of
constructing a new city water system
for said city, in the purchase of ma-
chinery and material, the payment of
labor, the paying for real estate nec-
essary for the proper construction and
operation thereof, as well as any and
all other legitimate and necessary ex-
penses connected with the building
and placing in operation the said new
water system; the denomination of
said bonds shall be: One Thousand
Dollars (\$1,000.00), the place of pay-
ment thereof shall be First & Securi-
ty National Bank of Minneapolis, the
date of the maturity of said bonds
shall be as follows, to-wit: Seven
Thousand and Five Hundred Dollars
(\$7,500.00) payable on the first (1)
day of July, 1930. On the first (1)
day of July of each year up to and
including the first (1) day of July,
1934, Seven Thousand Five Hundred
Dollars (\$7,500.00). Ten Thousand
Dollars (\$10,000.00) on the first (1)
day of July, 1935. Ten Thousand
Dollars (\$10,000.00) on the first (1)
day of July of each and every year up
to and including 1943. Fifteen Thou-
sand Dollars (\$15,000.00) on the first
(1) day of July 1944. Fifteen
Thousand Dollars (\$15,000.00) on
the first (1) day of July of each year
up to and including 1948. On the
first (1) day of July, 1949, Ninety
Thousand Dollars (\$90,000.00).
And the rate of interest not to ex-
ceed five (5) per cent per annum
payable semi-annually. They shall
be signed by the mayor and counter-
signed by the city clerk and city
treasurer and attested by the imprint
of the corporate seal, to be payable
to bearer, and that said bonds will
be offered for sale at the Council Cham-
bers in the City Hall in the City of
Brainerd, Minnesota, on the twenty-
eight (28) day of April, 1919, at the
hour of eight (8) o'clock p. m. of
said day.

It is Further Resolved, That this
resolution be published in the official
newspaper of said City at least
two (2) weeks before the date of
such sale.

It is Further Resolved, That sealed
bids be received by the City Clerk of
said City for the sale of said bonds
any time before and including the
twenty-eight (28) day of April,
1919, at eight (8) o'clock p. m. of
said day, for the purchase of said
bonds, the said City Clerk reserve
the right to reject any and all
bids therefore; each bid shall be ac-
companied with a certified check for
five (5) per cent of the amount of
the bond, payable to the City of
Brainerd as a guarantee of the faith-
ful performance of the terms of the
bid.

It is Further Resolved, That the
City Clerk cause to be published in
the official newspaper of said City
and at least one (1) legal newspaper
published in St. Paul, Minnesota, for
two (2) weeks, an advertisement for
bids for the purchase of said bonds.

Adopted April 7th, 1919.

FIFTH or VICTORY
LIBERTY LOAN

"The money that was spent
scaring Germany to death is the
money spent with our approval.
Let's pay the debt and finish the
job."

(Edited by the Crow Wing County
Liberty Loan Organization.)

Liberty Bonds are low in the mar-
ket. That has happened for various
reasons, none of which affect the
value of the bonds. Some people sub-
scribed to make a showing, intend-
ing to unload later and to charge the
loss up to the advertising account.
Thousands, afflicted with the sadly
prevalent ailment "Inthruenza,"
think their obligations are ended and
they are selling their bonds—selling
them to buy presents, to buy this,
that or the other thing. There are
people who simply can't stand it to
have a visible surplus. No sooner
does their surplus become visible
than they are seized with an irresisti-
ble impulse to turn it into a deficit.
They are never happy unless they are
broke.

This selling of Liberty Bonds be-
ing in progress, Liberty Bonds like
everything else must take their
chance in the market. When there
is much selling of anything and less
buying, its price goes down. It is an
irrevocable law.

Every Liberty Bond you own is a
stone in the foundation of a future
solidly secure.

HOLD YOUR LIBERTY BONDS

WOMAN'S REALM

DRAMA WITH FACT FOR ITS AUTHOR

School Children, Future Citizens of Republic, Attend Matinee of "Our Teddy"

THE EVENING IS FOR ADULTS

Dynamic Story of Roosevelt's Life History at the Park to Aid Defraying Loan Expenses

School children in crowds flocked to the Park theatre this afternoon chaperoned by teachers and the little citizens of the republic saw "Our Teddy", a drama with fact for its author giving the story of a man whose life the entire world called dynamic.

Tonight adults will attend the shows, two being given at the Park at the usual hours. Money realized from the presentation will be used to defray Victory Liberty Loan expenses in this section. In the past four loans business men have contributed to these expenses.

The film shows much of historic interest. In the Venezuelan controversy the Kaiser attempts to bluff the United States into permitting a temporary occupation of Venezuela by German forces. This Teddy blocks, meanwhile holding Admiral Dewey and the fleet in readiness to back his statements.

Lieutenant Sims, of the Navy, is given a chance to reorganize the gunnery branch of the service. Lieutenant Sims of then is Admiral Sims of today.

Captain John J. Pershing was selected by President Roosevelt as a capable military leader, and despite the protests of congress, he promoted him over the heads of hundreds of his senior officers, and Captain Pershing became a Major-General. Today he is General John J. Pershing, chief of the American Expeditionary Forces abroad.

Upon the completion of his second

term as President, Teddy returns to private life. The play depicts his home life and his efforts to preach the gospel of real Americanism far and wide.

Community Sing

A feature of each show tonight will be the community sing led by S. F. Alderman, county song director. These are the ones to be sung and if you don't know the verses, at least join in the chorus and help push a good song over the line.

Mr. Alderman will direct the singing of "America", "Keep the Home Fires Burning", "Over There", "Long Long Trail", "Till We Meet Again", and "The Star Spangled Banner."

Dorcas Society

The Dorcas young peoples society of the Swedish Bethany church will be entertained Friday evening at 8 o'clock by six of the young men of the society. They assure the girls a good time and a good program. All are invited.

Fireside Club

The Fireside club of the Norwegian-Danish Lutheran church will meet Friday evening, March 11th at the home of P. A. Stendal, 1524 E. Pine street.

Buds of Promise

The Buds of Promise class of the Evangelical Sunday school will meet at the home of Pauline Wooden, 1007 6th Ave. Northeast Friday evening.

Relic Quercus Preserved.

A steel ladle seven inches long, supposed to have been used by Indians in melting lead for bullets many years ago, was found imbedded in the heart of a red oak tree saved up for firewood at South Altoona, Pa. Rings on the tree indicate it was more than one hundred years old. The ladle, made of the finest charcoal steel, is believed to have been driven into the tree when it was a sapling.

DISPATCH WANT ADS PAY

EVANGELIST INVEIGHS AGAINST DANCING

Again, last night, the Swedish Baptist church was filled at the revival campaign as Evangelist Nygren shot a straight from the shoulder message to the people. His subject was, "Another Way of Spelling Success." The other way turned out to be "S-a-c-r-i-f-i-c-e."

Captain Knutson of the Salvation Army and Rev. M. L. Hostager of the Norwegian Lutheran church partook in the service. Miss Patterson also of the Salvation Army rendered a solo "The Old Rugged Cross." The chorus choir rendered a selection. This evening is Scandinavian Night.

During the course of his sermon last night the Evangelist took time to tell the people of Brainerd what he thought of the dance. Piling a heap of adjectives over the dance he declared that the dance was the most rotten stunt this side of perdition. He said that the dance has caused the downfall of more girls than any other scheme propagated by the devil. "And yet," added the evangelist, "there are some of the so-called 'leading people' of Brainerd that participate in the dance!" An institution as rotten as the dance should be shunned by decent citizens! The evangelist spoke of people who make no progress in their Christian lives and gave as the reason the following: "they have gotten their wooden leg caught in the devil's knot-hole and have been going round and round ever since!" There are many so-called Christians who take part in these "round affairs." Some years ago they used to dance "square dances," there is not much "square" about the dance today.

In a most dramatic way Mr. Nygren pictured a miser who perished amid all his gold and silver. Mr. Nygren pleaded for sacrifice on the part of the people. What shall it profit a man if he gain the whole world and yet lose his own soul?

The message of the evening struck home and there were more conversions.

At the Best Tonight

Pauline Frederick in "The Woman on the Index" is presented by Goldwyn at the Best theatre tonight. Audiences are promised no end of suspense, thrills and big surprises.

Sylvia Martin is a poor girl who is driven from home by the greed and heartlessness of her father. Fainting in a doorway, she is pitied by a passerby, a man, who carries her into a warm room. It is the rendezvous of a band of crooks of which he is the leader. In time Sylvia marries him, ignorant of his status. By accident she learns the truth when she overhears the crooks discussing a successful "job." At this juncture the police enter and Sylvia's husband shoots himself. She is accused of his murder and is held as an accessory in the robbery. Eventually she is freed and subsequent events bring about her marriage to a man who has no knowledge of her past.

Sylvia herself finds her name and the crime for which she was accused in the police records. She is "the woman on the index." She imagines she is lost when the detective who arrested her turns up as her husband's friend. He is now chief of the Secret Service. From this point the drama mounts to a climax no one could have anticipated.

At the Best Tomorrow

Charles Ray, whose pictures, "His Mother's Boy," "The Hired Man" and "The Family Skeleton," have won for him a host of followers, is to be seen at the Best theatre tomorrow in "His Own Home Town."

In this production, Mr. Ray has a role, which is eminently suited to, and affords him ample scope for the exercise of his talent. The scenes are laid in a small inland city, which has been dominated for years by a political boss and a few favorite henchmen, including a hypocritical minister of the gospel, the latter being father of Jimmy Duncan, the character assumed by Charles Ray. This young man's soul revolts against their corrupt practices and he determines to rid the city of the baneful presence of these malcontents in office. How he accomplishes this, and in addition wins the love of a beautiful girl, is captivatingly told in a series of highly thrilling scenes.

Worth it.

CROSBY BASEBALL TEAM IN ACTION

Plan to Conduct Team Affairs by a Committee of Five Directors. Schedule is Drawn

CHANGE AT MINER'S HOSPITAL

Friday Study Club Met with Mrs. B. A. Smith at the Home of Mrs. H. L. Nicholson

Crosby, Minn., April 8.—A baseball meeting was held Sunday afternoon in the Armory and a committee of five was appointed to make arrangements for a team the coming season. The Crosby plan is to have the team run by five directors. A schedule of games will soon be arranged and announced.

Miss Roycraft has resigned as head nurse at the Miner's hospital, where she has been since the institution started and she has returned to Superior, Wis., to live with her parents.

The Friday Study club met with Mrs. B. A. Smith at the home of Mrs. H. L. Nicholson Saturday afternoon. The following officers were elected for the next year, which starts in September: Mrs. H. A. Humble, president; Mrs. H. L. Nicholson, vice president; Mrs. H. Ingalls, secretary and Mrs. W. B. Cook, treasurer.

Miss Francis Frenette spent the week end at the home of her parents Mr. and Mrs. P. Frenette. She is traveling nurse for the state.

Miss Wilbert, teacher in the local schools returned Saturday from a trip to St. Cloud.

Miss Sadie Christian of Escanaba, Mich., is visiting at the home of V. T. LaBlanc.

Elmer D. Johnson, who visited friends here the first of the week, has gone to Bemidji.

Miss Hazel Mallum left Thursday for Grey Eagle, where she will spend several weeks visiting her folks.

Mrs. H. Lizer has returned from a visit with friends in Aitkin.

John Bakkala spent Sunday with friends in the county seat.

Miss Laura Bertram is home from Duluth to spend Easter with her parents.

Miss D. Bergren of Brainerd was a guest of Miss Hannah Falconer the last few days.

Miss Margaret Sharpless and Miss Ruth Young spent Saturday with friends in Brainerd.

Richard Code of Ely visited over Sunday with his sister, Mrs. Albert Humble.

A. E. Blake spent from Saturday until Monday in Duluth on business.

Mr. and Mrs. C. G. Peterson and family left Saturday for Duluth to make their home.

Miss Vera Vanimire of Pequot visited over Sunday here with Miss Rose Wiggins.

Mr. and Mrs. Erick Hedblom left Wednesday for Jacobson near which they will farm this summer.

Mrs. D. S. Bame was given a surprise party by the Presbyterian Ladies' Aid last Monday evening at her home. She was presented with a set of salad forks, appreciation of her work as president of the Aid for the last two years.

Reading Useless Without Action.

If you want to get value out of a book, however, don't lean on it as though you were a cripple. A book can't take you by sheer force and project you into a good job, or put more money in your pay envelope, or make you industrious or patient when you are otherwise. All you can expect of a book is that it tells you how these things can be accomplished. The real job lies with you.

Patriotic Community Meeting Addressed by Brainerd Speakers, Fine Supper Served

"Tank Day" at Brainerd Friday, April 18, received a great impetus at Pequot at the Victory Loan meeting held.

Soldiers and sailors, marching in platoons, every branch of service represented from infantry to artillery, navy to gas, attended the Liberty Loan meeting and when asked if they would be at Brainerd "Tank Day", every man raised his hand and vowed he would be present and esteem it an honor to march in the parade and guard the tank.

Brainerd's Victory loan speakers, Pequot soldiers and sailors and community generally were first entertained at a six course dinner served at the Pequot school house by domestic science classes and the menu was an excellent one. The tables were decorated with flowers.

Short talks were made urging the men to keep their government insurance. The military men present decided to form a post as soon as the preliminary organization of the American Legion was complete at St. Louis.

D. D. Schrader, in behalf of Brainerd, invited the soldiers and sailors of Pequot and vicinity to Brainerd on "Tank Day" and assured them they would be royally entertained.

The community then went to the hall where the meeting was presided over by George Harris, chairman in charge of the Pequot district.

A. J. Hayes, cashier of the First National bank of Brainerd, spoke on the Victory loan and made a patriotic address. Judge Walter F. Wieland of Brainerd, took up further points in the loan and urged a generous increase in the number of bond buyers. E. E. Martin, president of the First State bank of Pine River and chairman of the Cass county drive, spoke on the fifth loan.

The Twin Lakes farmers club orchestra of nine pieces furnished delightful music. A play was presented by these talent.

The vehicle meeting was a splendid exemplification of community spirit, of patriotic pledging to push the Victory loan to success and the invitation to attend "Tank Day" in Brainerd was heartily accepted so that the county seat can rest assured that the

CABBAGE FARM TO BE CONDEMNED

Under Right of Eminent Domain City Will Acquire Thomas W. Beare Farm for Wells

HOLES BEING DRILLED THERE

Case Where Good Cabbages Have to Give Way for Good Water

A cabbage farm of Thomas W. Beare, yielding in revenue \$4,000 or more a year, is to be seized by right of eminent domain by the city of Brainerd which is drilling on the land and establishing further areas of water supply from wells.

It's a case where good cabbages will be sacrificed to make way for good water. Mr. Beare is philosophical, but nevertheless regrets to see the passing of farm land which was making Brainerd cabbages as famous as Hartley's celery in Duluth.

TUBERCULOSIS CLINIC COURT HOUSE SAT.

On Saturday next, April 12th, from 11 A. M.—12 M. Dr. W. L. Mattick of Deerwood Sanatorium will hold the usual monthly tuberculosis clinic at the Court House.

Tuberculosis is an insidious disease, coming on those who least suspect it and working ravages before its true nature is evident. It is hoped therefore that the people of Brainerd, and Crow Wing county, will take great interest in these clinics, and refer all suspicious cases for early diagnosis, upon which the successful fight against this dreaded great White Plague depends.

DISPATCH WANTS GET RESULTS

WALTER M. MURPHY BOER WAR VETERAN

Assistant Engineer of County Engineer C. L. Mott Was With Strathcona Horse

GAINED MANY HONORS, MEDALS

Served in Boer War Under Gen. Buller and Gen. DunDonald, Came Through Unscathed

A veteran of the Boer war is Walter M. Murphy, assistant engineer of County Engineer C. L. Mott. Mr. Murphy is very reticent about his achievements, but was eventually prevailed upon to tell of some of his experiences. He was born in Maine, attended Maine University, graduated from the engineering department.

He joined the Strathcona Horse in 1901 and served in the Boer war under Gen. Buller and in the cavalry under Gen. DunDonald. One of the big exploits of the war, it will be remembered, was lifting the siege at Ladysmith and relieving General French, and Murphy was there.

Murphy gained the Queen's South African medal, the Belfast bat, Orange Free State clasp, Natal clasp, South African medal and 1901 clasp. He was in service a year and 37 days and although in many exciting engagements, came through without a scratch.

In America Mr. Murphy was engaged in engineering on the Minnesota Iron ranges and western water power sites and after his war and Northwest Mounted Police experience he was used to roughing it.

Some commendable verse was written by Mr. Murphy commemorating the Strathcona Horse. This Canadian horse regiment was equipped and sent to South Africa by Lord Strathcona at a personal expense of over a quarter of a million sterling.

Ten Thousand Dollars (\$10,000.00) on the first (1) day of July, 1935. Ten Thousand Dollars (\$10,000.00) on the first (1) day of July of each and every year up to and including 1940. Twelve Thousand and Five Hundred Dollars (\$12,500.00) on the first (1) day of July 1941. Twelve Thousand Five Hundred Dollars (\$12,500.00) on the first (1) day of July of each and every year up to and including 1942. Fifteen Thousand Dollars (\$15,000.00) on the first (1) day of July, 1944. Fifteen Thousand Dollars (\$15,000.00) on the first (1) day of July of each year up to and including 1948. On the first (1) day of July, 1949, Ninety Thousand Dollars (\$90,000.00). The rate of interest on any and all of said bonds shall not exceed five (5) per cent per annum payable semi-annually.

The said City Council will receive bids for the purchase of said bonds by the filing thereof in the office of the City Clerk of said City at any time prior to and including the twenty-eighth (28) day of April, 1919, until eight (8) o'clock p. m. of said day. A certified check of five (5) per cent of the amount of the bonds bid for shall accompany each bid, the said City Council reserving the right to reject any and all bids.

He is on Furlough

In a letter to his mother, Mrs. N. B. Swanson, 720 Elm street, Corporal Leonard Swanson, Battery F, 151st U. S. Field Artillery, American E. F. A. P. O. 715, writes from Menton, France, under date of March 19:

"Will drop you a few lines to let you know that I am still alive and having the time of my life. I am down here on a furlough and it sure is some place. As I write this letter I can hear the waves of the Mediterranean sea roaring on the shore.

We left Coblenz on Saturday night and arrived here Tuesday. The long ride sure was something terrible, but after we got here it sure was worth all the trouble. Tomorrow we are going to Monte Carlo, one of the biggest gambling places in the world. They have some of the most beautiful

places around here that I ever saw and besides they have some beautiful mademoiselles around here. We have a dozen places to visit.

The day after tomorrow we are going to Nice which is also a beautiful place. I have sent home some pictures of this place. I will make this letter rather short as I am going to take a bath."

MEETING PUT OVER

Bad Weather Cause of Small Attendance Wednesday Evening—Regular Meeting April 22

The regular meeting of the Chamber of Commerce to have been held Wednesday evening was postponed to Wednesday, April 22nd, on account of the small attendance, the inclement weather being responsible for this.

At the next meeting, the subject of bonding the county for federal aid for highways will be presented by

County Engineer Mott. The sentiment of the Chamber on this subject is sought by the county commissioners.

Other important matters to come up are the celebration of July Fourth on a large scale as a victory celebration in honor of returned soldiers and sailors of the county, the proposed memorial discussed at a joint meeting with representatives of the Trades and Labor assembly some time ago, making effective the garbage collection ordinance, establishment of a salting station for cucumbers in this city, better housing facilities and the erection of houses for rental purposes and other matters already taken up by the advisory board.

NOTICE

Bids wanted for road overseer for Town of Long Lake. All bids must be in before April 28th.

Goat Good Milk Producer.

Mr. Winthrop Howland of Redlands, Cal., last year had a Swiss Toggenburg goat, kept on the University of California farm, which broke the world's record as a milk producer, by over 300 pounds. For the period of one year this doe produced 2,941 pounds of rich sweet milk, or more than 24 times her own weight. The period of lactation for a good doe should be from seven to eight months.

WOMEN! DRY CLEAN THINGS AT HOME

Try it! For a few cents you can dry clean everything.

Save five to ten dollars quickly by dry cleaning everything in the home with gasoline that would be ruined by soap and water—suits, coats, waists, silks, laces, gloves, shoes, furs, draperies, rugs—everything!

Place a gallon or more of gasoline in a dishpan or washbowl, then put in the things to be dry cleaned, then wash them with Solvite soap. Shortly everything comes out looking like new. Nothing fades, shrinks or wrinkles. Do not attempt to dry clean without Solvite soap. This gasoline soap is the secret of all dry cleaning.

A package of Solvite soap containing directions for home dry cleaning, costs little at any drug store. Dry clean outdoors or away from flame.

PARIS DISCOUNTS WILSON THREAT

Believed President Has No Intention of Leaving Before Peace Is Assured.

PADEREWSKI IS HEARD

Polish Premier Urges That Danzig Must Be Given to Poland, Also Coal Fields of Teschu—France and England Agree.

Paris, April 10.—It is declared in certain official quarters that the peace conference has reached a stage where there are just two alternatives—early agreement or a wreck.

The period in which continued protracted discussions is possible has passed, according to authoritative information. Everyone is showing the effect of the strain. There is a nervous tension in the very air. Every delegate carries an implied "ultimatum" on his lips. It is becoming not only a matter of political and diplomatic effort reaching the end of the string, but as it is human beings doing the work the limit of physical endurance is beginning to manifest itself.

A portion of the press apparently is preparing to place the responsibility for delay upon President Wilson, following the lead suggested in the British and French newspapers, saying an agreement would be reached by Easter. La Liberte openly declares the British and French are in agreement and that it only remains for Wilson to approve the decisions reached by the Big Four during his illness. American delegates have been totally unable to find any of the decisions said to have been reached.

The general movement toward announcing a complete understanding is regarded as having all the aspects of a drive against the Americans.

The League of Nations committee meeting scheduled was postponed for two days.

Paris Paper Says Blackmail.

Paris, April 10.—"We do not accuse our allies of forgetting what France has done," says the Matin, "but nevertheless we witnessed a curious thing yesterday. American propagandists or newspapermen, knowing that President Wilson had summoned to Brest the ship which is to take him back to America, saw in this an opportunity for blackmail. 'If you are not more accommodating,' they said, 'our president will return home and you can extricate yourself.'"

"Denunciation of the American delegation by the French press has not affected the American delegates who apparently are not surprised at the newspaper criticism."

Ignace Jan Paderewski, the Polish premier, was summoned before the council of four. The premier will urge that Danzig must be given to Poland and that Poland must have the coal fields of Teschen, Silesia.

TO CALL JOINT CONFERENCE

Wilson to Act to Formulate Nation's Industrial Plan.

Washington, April 10.—Official advice received by the department of labor indicate two important steps to alleviate industrial unrest will be taken by President Wilson immediately on his return to this country. These steps are:

Issuance of a call for an immediate industrial conference, or parliament to devise a constructive program which shall govern American industrial life.

Continuation of the war labor board, with full war authority, as a final court of industrial justice during the readjustment period, or until such time as the industrial conference reaches final conclusions and has them adopted by industry at large.

OUTNUMBER RUSSIAN REDS

Allied Troops Also Have Far Superior Equipment.

Washington, April 10.—Allied forces in Northern Russia outnumber the Bolsheviks two to one, it was learned. In equipment they are far superior to the Leninist fighters.

According to reliable information the Allied troops in Northern Russia number 34,000 men now. The Bolsheviks have about 17,500. American, British, French and loyal Russian troops compose the Allied force.

Fail to Explain Tientsin Clash.

Washington, April 10.—This government has made inquiry of Japan regarding the recent clash between Japanese and American soldiers at Tientsin, China, but has received no explanation in answer, it was stated officially.

N. P. Surplus \$2,769,334.

New York, April 10.—After paying dividends of \$17,360,000, the Northern Pacific Railway company earned a surplus of \$2,769,334 in 1918, according to the annual report, approved at a meeting of stockholders. The report contained both corporate and federal income accounts. The former showed that out of its standard return of \$30,089,692 from the railroad administration and income from miscellaneous sources amounting together to \$38,222,307, a balance of \$20,129,334, applicable to dividends, remained.

What Is The Cause of Headache? Backache?

BY DOCTOR CORNELL

Backache is perhaps the most common ailment from which women suffer. Hardly do you find a woman free from it. Sometimes the cause is obscure but Dr. Pierce of Buffalo, N. Y., a high medical authority says the cause is very often a form of catarrh that settles in the delicate membranes of the feminine organs. When these organs are inflamed, the first symptom may be backache, or headache, dizziness, accompanied by bearing-down sensations, weakness, irregularity, painful periods, irritation, and a general run-down condition. Any woman in this condition is to be pitied, but pity does not cure. The trouble calls for Dr. Pierce's Favorite Prescription, which is a separate and distinct medicine for women. It is made of roots and herbs, put up without alcohol or opiate of any kind, for Dr. Pierce uses nothing injurious. In taking Favorite Prescription, it is reassuring to know that it goes straight to the cause of the trouble. There is but one way to overcome sickness, and that is to overcome the cause. That is precisely what Favorite Prescription is intended to do.

ENEMY WANTS TROOPS

Austria Asks Britain to Send 10,000 Soldiers.

Earl of Curzon, Defending Military Bill, Says War Clouds May Burst at Any Time.

Paris, April 10.—The evacuation of the Black sea port of Odessa by the Allied forces is confirmed officially.

Paris, April 10.—At the latest session of the German cabinet council the government considered the eventuality of making an appeal to the Allied armies to maintain order in Germany in the interest of the whole of Europe, the Zurich correspondent of Le Journal reports.

London, April 10.—Earl Curzon of Kedleston, president of the council and government leader in the house of lords, defending the military bill in the house of lords, said that Vienna "being in a serious position and apprehensive lest it should share the fate of Budapest, had turned to Great Britain and said: 'If you will send 10,000 British troops we can guarantee the situation.'"

Earl Curzon was not sure that war would not revive, he said:

"I see clouds on the horizon which may burst at any moment in a more sinister form than anything yet seen. If the critics of this bill can show the government how to rule Ireland without maintaining 40,000 troops there, they will confer a great favor on the government."

Revolt in Austria Expected.

Paris, April 10.—A soviet revolution in Austria may occur within a few days, according to semi-official information received from Vienna. Any threat to cut off the food supply if the country embraces Bolshevism is not regarded as convincing, in view of the fact the Allies are known to be ready to feed Hungary, which already has set up a Bolshevistic government.

The Austrian authorities' grip on the situation is said to be weakening.

FRENCH TONGUE FOR LEAGUE

Society Also Desires Paris as Seat of World Union.

Paris, April 10.—The French Society for the Promotion of a League of Nations has adopted, on motion of Prof. Aulard of the University of Paris, an eminent authority on history, a resolution asking the Peace conference to adopt French as the official language of the league of nations. The society is also promoting a movement in favor of Paris as the seat of the league.

WOMAN SENTENCED FOR LIFE

"Gipsy Queen" Found Guilty of Killing Mother-in-Law.

Baltimore, April 10.—The trial of Mrs. Annie M. Smith, known as "the Gipsy Queen," for the killing of her mother-in-law, Mrs. Lena Smith, 73 years old, on May 7, 1917, ended in a verdict of murder in the first degree without capital punishment. She was sentenced to life imprisonment. The woman also was indicted for the murder of her husband, Albert Smith, 50.

Wash the poisons and toxins from system before putting more food into stomach.

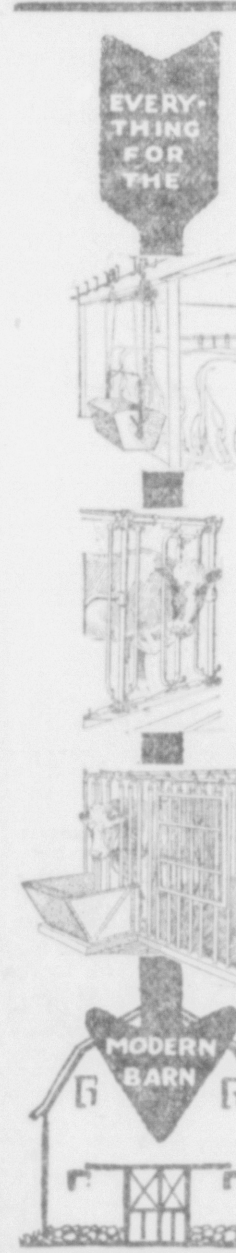

Says inside-bathing makes anyone look and feel clean, sweet and refreshed.

Wash yourself on the inside before breakfast like you do on the outside. This is vastly more important because the skin pores do not absorb impurities into the blood, causing illness, while the bowel pores do.

For every ounce of food and drink taken into the stomach, nearly an ounce of waste material must be carried out of the body. If this waste material is not eliminated day by day it quickly ferments and generates poisons, gases and toxins which are absorbed or sucked into the blood stream, through the lymph ducts which should suck only nourishment to sustain the body.

A splendid health measure is to drink, before breakfast each day, a glass of real hot water with a teaspoonful of limestone phosphate in it, which is a harmless way to wash these poisons, gases and toxins from the stomach, liver, kidneys and bowels; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

A quarter pound of limestone phosphate costs but very little at the drug store but is sufficient to make anyone an enthusiast on inside-bathing. Men and women who are accustomed to wake up with a dull, aching head or have furred tongue, bad taste, nasty breath, sallow complexion, others who have bilious attacks, acid stomach or constipation are assured of pronounced improvement in both health and appearance shortly.

Study the Drew Line of Barn Equipment—then buy.

EVERY article contains features that we know you'll want because you need them, and combinations of features that you can't get elsewhere. This means that other lines are less complete in the practical things that will save you time, labor and trouble. These were the things we were hunting for in your interest when we compared lines before making selling connections for this year.

Because we chose the Drew we may have confidence in them—we stand back of them and stake our reputation for judgment as buying agent for you on them.

Pretty safe "bet" that we've gone about it very carefully—pretty sure thing that you should study the Drew Line before buying.

Our line comprises: Mangers, Steel Stalls, Cow, Calf and Bull Pens, Feed Boxes, Hay Racks, Feed Trucks, Litter, Feed and Ensilage Carriers, Steel Columns, Cupolas and Ventilators, Watering Systems, Milking Machines, Milking Stools, Cork Brick, Tank Heaters, Feed Troughs, Cow Salters, Drains, Etc.
